Sub: Proposal regarding staff required for implementation of the Intensive Cultivation Schemes.

--

Sir,

I am directed to say that requests for the sanction of the staff employed by the Provincial Governments on the Intensive cultivation schemes have, in some cases, been sent piecemeal. The Government of India have hitherto been sanctioning the grants asked for by the Provincial Governments as and when such requests are received. It is, however, necessary to distinguish between the regular staff of the Agriculture Department of a Province and the staff employed by the Provincial Governments exclusively on Intensive cultivation. Since the Intensive Cultivation schemes are now being worked on pre-determined targets, it should be possible for the Provincial Governments to foresee their requirements of special staff at the beginning of each year. The Government of India would entertain only such requests for grants for staff which are included in the Provincial Intensive Cultivation Programme, either as part of each scheme in the programme or as a separate staff scheme for implementation of the yearly programme. If however, certain special circumstances require a special sanction during the course of the year, the request for sanction will be considered on its merits.

Yours faithfully,
Sd. S.T.Raja,
Under Secretary.
